milan@mentegram.com

Mental Health Has a Problem

$200B [1]

total annual costs of
mental health

$10B [2]

wasted on preventable
readmissions

… yet, how many successful mental-health
startups do you know?

(1) Projections of National Expenditures for Mental Health Services and Substance Abuse Treatment 2004-2014 by SAMHSA, 2008 - http://goo.gl/CMsBh6
(2) Pilot trial conducted by Dartmouth College between 2008 and 2011+ OPEN MINDS Market Intelligence report, Sep 2014 - http://goo.gl/mOVQbU

A Clinician-Driven Approach

Why Customers Choose Us

New Hope Foundation, New Jersey
"Replacing our old software with Mentegram reduced patient evaluation from 30 to 10 minutes and reduced patient frustration."

Insight Psychiatric Services, Georgia
"Mentegram allows us to see extra 10-15 patients each week and in many cases bill extra $10 -15 per patient."

Metropolitan CBT, New York
"More of my patients are completing their homework, thanks to Mentegram."

Our Approach

Replace ineffective, time-consuming workflows

Patient screening on paper
(staff time)

Manual scoring
(clinician time)

Paper treatment plan
(ineffective)

Digital screening

Automatic scoring
and reporting

Digital treatment plans

Competition

# Clinical Validation

25,000+
data points

150+
providers

1,000+
patients

Current Fundraising

Raising €1.5M

Use of funds

- To build our team
- Open east coast office
- Scale sales
- Raise Series A in 2018

Mentegram
